### RANGE OF PRODUCTS

We deal with big range of genuine products in the industry.

### PROMPT SUPPLIES

We make sure prompt supplies globally.

## Lets Introduce...

Go Green FZE was established with the aim to become one stop source for all kind of polymer, chemical requirements. We are engaged in the distribution and trading of Plastic Raw material, Plastic packaging and Chemicals. In a very short time, Go Green has grown significantly in polymer and chemical industry and it would not be wrong to say we are one of the leading distributors and traders of the prime polymers and chemicals to some of the known companies globally.

We source our products from various globally well-known petrochemical plants in Middle East, Europe and Asia and supply various plastic raw materials like PE/PP/PET /PS/PVC/PPCP/PPR, engineering plastics and chemicals to countries across the globe from our warehouses strategically located in UAE, Saudi Arabia (KSA) and Europe for better connectivity.

The Management of the Go Green is in the hands of a highly experienced professionals having more than 20 years of manufacturing and trading of Plastic and Polymers along with young & dynamic professionals, specializing in their respective fields. We strive hard to ensure to supply quality products at competitive rates paying due attention to the requirements in terms of packing and delivery schedule.

## Our Stand

Since Inception, Go Green has grown significantly in polymer industry reaching the customers around the world and has proudly established itself as a trusted business partner.

With a well-established network of globally recognized polymer and chemical suppliers, we offer a wide range of alternative products and solutions. We believe in long-term customer and supplier relationships, as a result the majority of our products are secured through long-term purchase contracts guaranteeing continued availability, flexibility and timely supply to our customers.

It is our endeavor to supply products and services of unmatched quality with utmost priority to individual requirements so that we not only meet but exceed customer expectations globally.
